

# Emergency Services Educators & Consultants Presents

## **Pro Board Eligible WMD/HazMat Operations**

Emergency Services Educators & Consultants will be running a Pro Board eligible WMD/HazMat Operations course at the Madison Park Fire Training Center in Old Bridge. The course is being instructed by Texas A&M Engineering Extension Service (TEEX) staff, and is listed as “Operational Response to Hazmat-WMD Incidents PER 212” in their course catalog.

Both the costs of the course and the Pro Board testing are being covered by a grant from the Department of Homeland Security. Those who wish to take the Pro Board exam will be completing it on the final day of class.

There are no prerequisites for the course, however if you wish to take the Pro Board test, a HazMat Awareness-level course meeting Chapter 4 of the NFPA 472 Standard (2008) is a certification requirement. The preferred course meeting the certification requirement is the TEEX online course WMD/Terrorism Awareness for Emergency Responders AWR160.

All students must also have a FEMA student ID #. In order to obtain one, go to <https://CDP.DHS.gov/FEMASID>. Register at the site and an SID number will be issued. The lead instructor will need this information the first day of class.

The class is open to any public safety professional (Fire/EMS/Police/OEM/etc), but registration is limited to the first 30 participants.

**When:**            **May 15, 16, & 17, 2014**
